

## CTARS 3<sup>rd</sup> Coral Growout – Rainbow Hornets

1. Must post a clear picture of frag by the 15<sup>th</sup> of each month until the contest ends. Picture must have open polyps to show that it is the rainbow hornet frag.
2. You must state your polyp count when putting up your monthly post.
3. Your first picture post of your frag must also show us a full tank shot and answer the following questions (so 1 pic of your frag and 1 pic of your tank):
  - What size is your tank?
  - Sump – yes or no?
  - Refugium - yes or no?
  - Lighting? T5, LED, Metal Halide, or what type of hybrid
  - Skimmer – yes or no?
  - Water changes – yes or no? how often?
  - How many fish do you have?
  - Do you specifically feed your coral?
4. If you miss posting a picture for the month, you are disqualified. We are asking for a total of 6 pictures (2 for the first post, and 1 a month until the contest ends) so it is not a lot to do to win an AWESOME frag pack.
5. Winners will be required to do a small write-up on their tank and their techniques (did you feed, what did you feed, lighting cycles, water changes, etc..anything that may have had an effect on your success).
6. 2 Winners – Grand prize winner will receive a \$200 frag pack. 2<sup>nd</sup> place will receive a \$100 frag pack.

Feel free to post more than 1 picture however the official picture is the pic posted on the 15<sup>th</sup>.
