I also sent you an email, but could you please look at my order? •  
It's order 3021 for Edward Davidson. I swear I clicked on your calendar for delivery but somehow the date shows app as 16/11 for delivery. I'm guessing it will not be shipped with that delivery date. Let me know please

just wait for the review that's coming online claiming you shipped the corals. It will be a well documented one star review on multiple sites

Good morning. It looks like while working on the shipping date, the delivery date was transposed to 16-11, instead of 11/16. Can you ship today for delivery tomorrow?
